Committee to Restore
Carbondale City Hall, Inc.

Post Office Box 151
Carbondale, PA 18407.

June 2, 1982

Dear Kurt:

Enclosed are five items: (1) a check for $15 for the amusement park napkin ring that is presently available at the Reed Emporium; (2) a copy of J. N. Bigart's letter of May 1982 to me about Lake Ariel Park; (3) a copy of a brochure about Farview Park, brochure in the collection of Mrs. Ruth Emonds, Carbondale; (4) a copy of the newspaper article, "Lake Ladore began as a sawmill, has seen many uses through time," The Carbondale News, Wednesday, May 26, 1982, p. B2; and (5) a copy of the "Pioneer Days Subcommittee" memo of March 4, 1982.

The Committee to Restore Carbondale City Hall, Inc. (of which I am the President) would very much appreciate it if, during the week of Carbondale's Pioneer Days (August 23-27, 1982), you would agree to give a talk on Dorflinger glass, or on any other topic of your choosing. Monday or Tuesday (August 23-24) might be a good time for you to speak on Dorflinger glass, perhaps Friday, August 27th. We are very flexible, and are willing to re-arrange the tentative schedule that we have set down in order to accommodate our guest speakers. If there is a time that is best for you, let me know and we will reserve that time for you.

I will pick up the napkin ring sometime this month. If you can let me know about the Dorflinger glass talk in a week or two, that would be very nice.

Sincerely,

Robert

S. Robert Powell
